Current Piggy value : 567.45 ETH

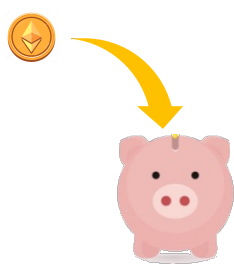

Contribute	Break the Piggy* 🔨

*feature available in : 02'38"

How does it work ?

1.You contribute with Ethers

2.Any contributor can decide to break the Piggy

3.A winner is chosen randomly between the contributors**

Your chances to win the lottery are directly proportional to the amount your contribution(s)

Example

Piggy value :
40 ETH
Your contribution :
20 ETH
Your chances to win the lottery :
50%

Current Piggy value : 567.45 ETH

Contribute

Your ETH contribution*
(minimum contribution: 0.01ETH)   50 ⌄

*Your chances to win the lottery are directly proportional
to the amount your contribution(s)

Contribute

How

1.You contribute with Ethers   2.Anyone can decide to break   3.A winner is chosen randomly
                                       the Piggy   between the contributors*.

*Your chances to win the lottery are directly proportional to the amount your contribution(s)

Current Piggy value : 567.45 ETH
